

EXAMINATION SCHEDULE

Assessment policy of Pre-Primary

Assessment is an integral part of teaching learning process. In this process, teacher normally takes the following steps:

- * Set the learning objectives.
- * Plans activities to meet objectives.
- * Assess the learning outcomes.

The objective of assessment for all the stages is CONTINUOUS and COMPREHENSIVE which depicts the growth and development of the child in various areas of learning. Its aim is to measure the level attained by the child in different areas throughout the year.

Research has shown that tests are not at all accurate while measuring a child's abilities. Tests are also not appropriate because often they compare one child's SCORE with the other. Therefore, the child's progress needs to be measured by the teachers through on-going observation over different periods of time and not on a single test.

Assessment will be based on three terms:

I Term - April to August

II Term - September to December

III Term - January to March

Cumulative card will be shown to the parents after every term. This will give an idea about the Mental Physical and Spiritual progress of their ward.
